

Arroyo Seco Teen Center The Arroyo Seco Teen Center is a 3,500 SF remodel-addition of an educational facility for Hands Across Cultures. The project provides educational and recreational programs for youth at risk in the rural community of Arroyo Seco. The architectural solution creates an appealing and highly functional facility for an average new building construction cost of under \$65/sq.ft. The Center includes a multi-purpose space as well as art classrooms and studios.
